SCRUM - MVP 1

October 31, 2023

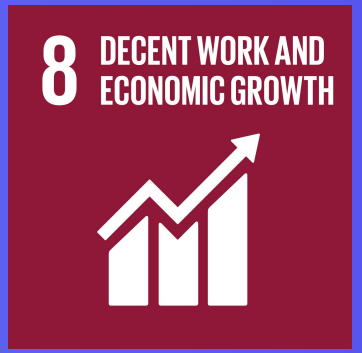
BlinkBoost

David Kim

UN SDGs

Ensuring healthy lives and promoting well-being at all ages is essential to sustainable development

Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all



Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Project Status: 🟢

- Using Dev Board in GitHub to organize tasks
- Development Environment has been all set up ✅
  - Using XAMPP for Apache and MySQL
  - Database created
  - HTML/PHP/CSS/MySQL all configure and working
- Sign In/Sign Up page finished ✅
- MVP 1: Eye Exercises Animation Implemented ✅

Project Issues

- Trouble with setting up the Apache server and MySQL on my Dev environment which is MacBook.

- Issues with setting up email verification during the sign-up process

Project Changes

- Due to challenges with PHP email configuration, decided to skip setting up email verification for user sign-up

Applying Lecture Concepts to BlinkBoost

Digital Habitats and Community Building

- Focused on creating a digital habitat where users can interact around eye health.
  - Using the forum feature to nurture and cultivate an online community.

People-Centered Design

- Striving for a balance between functionality and accessibility.
  - Planning user tests to ensure the design is intuitive and evolves with user needs.

DEMO

Planned for Next Week

IMPLEMENT FORUM PAGE:

- Focus on user posting functionality
- Prioritize design for user-friendliness
- Ensure accessibility for all users

CONDUCT USER TESTING:

- Prepare test scenarios
- Invite users for testing
- Gather and analyze feedback
